

Report on Road Safety Awareness Program

On 13th September 2025, the Road Safety Club of our college successfully organized a Road Safety Awareness Program.

The program began with a lecture on road safety rules and regulations, highlighting the importance of safe driving, use of helmets and seat belts, and following traffic signals. After this, a pledge ceremony was conducted where students and faculty members took an oath to follow traffic rules and spread awareness about road safety.

The initiative aimed to inculcate a sense of responsibility among students and to promote safe practices on roads. Such programs play a crucial role in building awareness and preventing road accidents.

The Road Safety Club has committed to organizing more such activities in the future to ensure active participation of students in creating a safe road culture.
