

Chemistry Department

Poster presentation programme

The Department of **Chemistry** at Late Bindeshwari Baghel Government College in Kumhari, Durg (C.G.) organized a poster presentation program for B.Sc. 1st semester students on **November 11, 2025**.

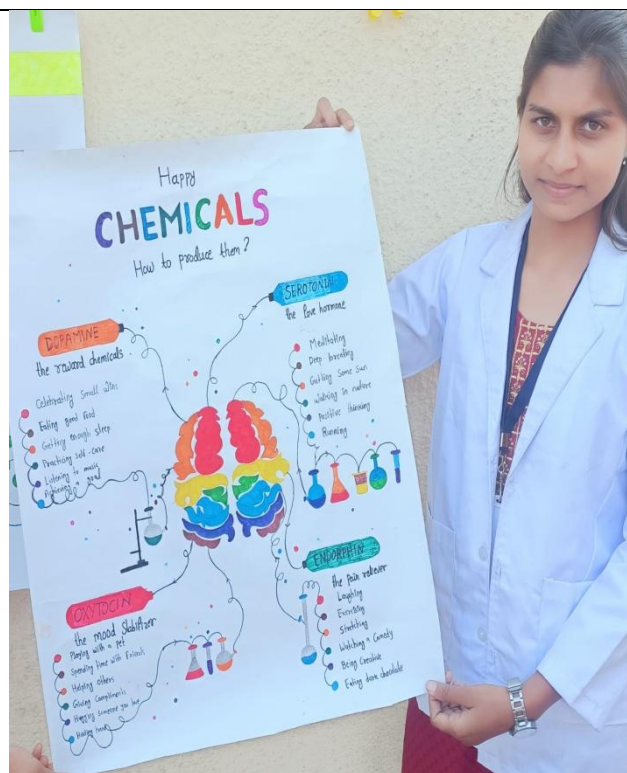

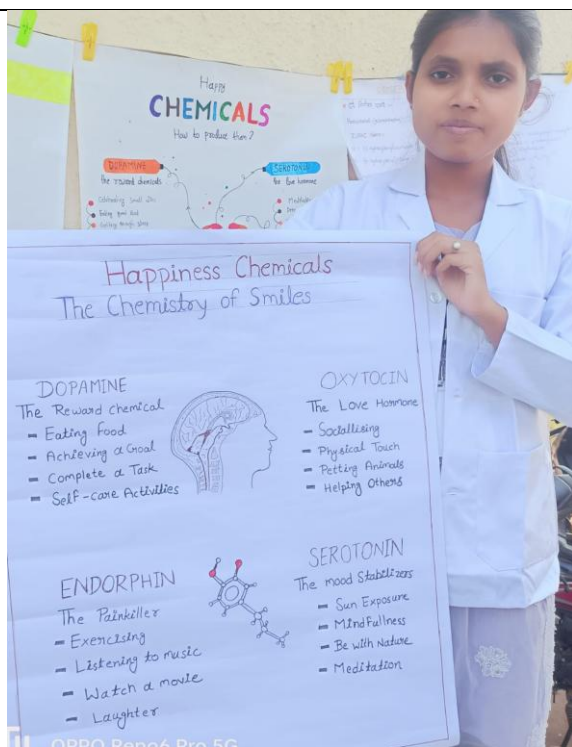

Under the guidance and chairmanship of the College Principal **Dr. Sonita Satsangi**, Students presented posters on diverse topics related to “**Chemistry in daily life**” and other chemistry related theme. The event aimed to encourage students to explore and showcase their understanding of chemistry concepts and their applications in daily life. The posters showcased the student’s creativity and understanding of various chemical concepts.

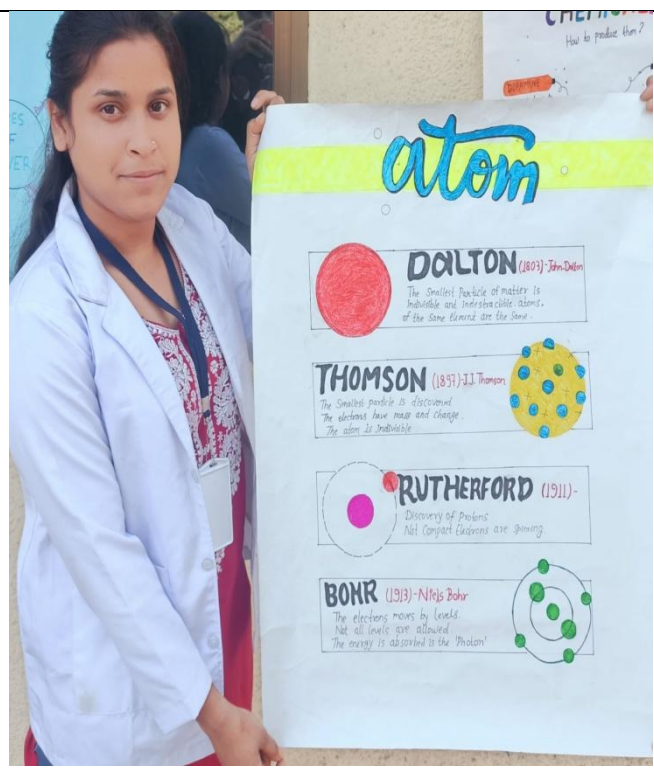

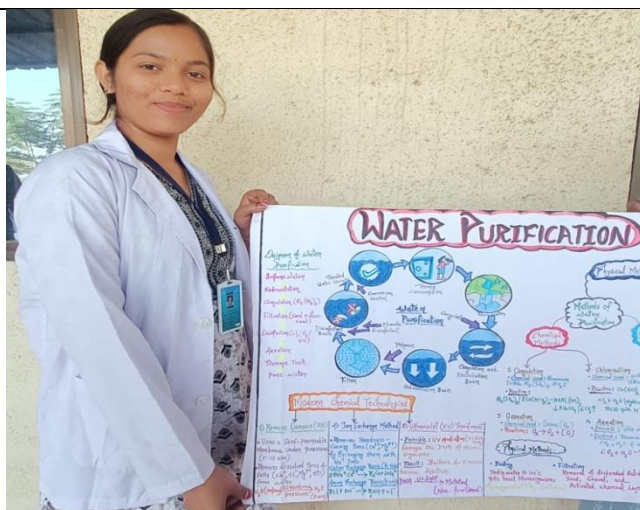

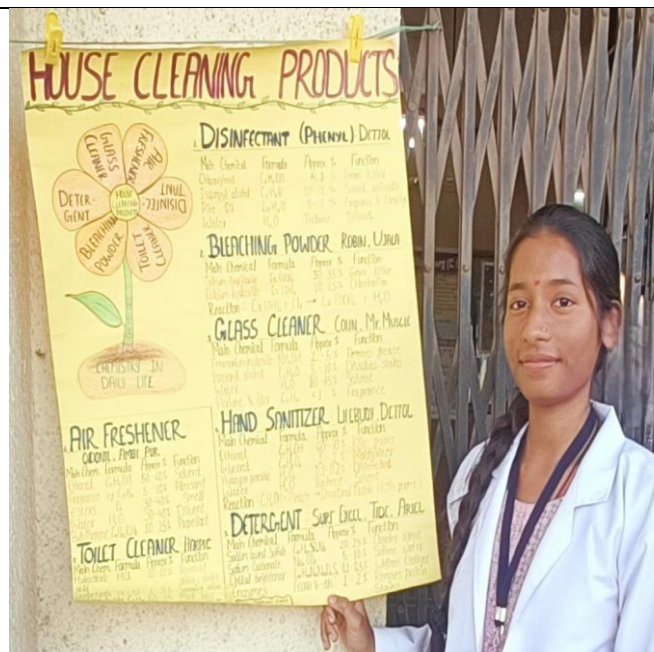

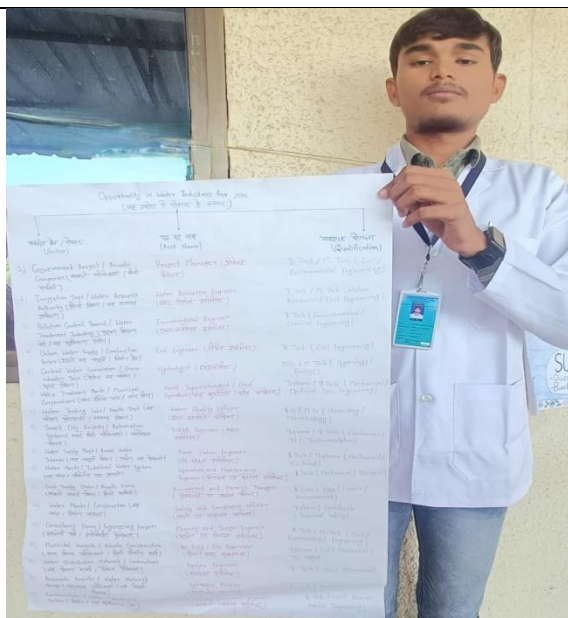

The posters were evaluated by **Mrs. Shweta Dave** and **Ms. Neha Verma**, both Assistant Professors, who awarded marks based on the clarity, creativity, and overall presentation of the students' work. Each poster was evaluated for its content, visual appeal, and the effectiveness with which the students communicated their research findings. **Dr. N. Jaishree**, an Assistant Professor in the chemistry department, expressed her heartfelt gratitude to the principal for supporting the event, as well as to the dedicated faculty members and all participating students, acknowledging that their collective efforts contributed to the event's success and positive atmosphere.
